October is Economic and Community Development Month

Rotary supports investments in people to create measurable and enduring economic improvement in their lives and communities.

The Rotary Foundation enables Rotarians to invest in people by creating sustainable, measurable and long term economic improvements in their communities and livelihoods by :

1. Building the capacity of entrepreneurs, community leaders, local organizations, and community networks to support economic development in impoverished communities;
2. Developing opportunities for productive work;
3. Reducing poverty in under-served communities;
4. Supporting studies for career-minded professionals related to economic and community development.

Nearly 1.4 billion employed people live on less than \$1.25 a day. Our members promote economic and community development and reduce poverty in underserved communities through training, well-paying jobs, and access to financial management institutions. Projects range from providing people with equipment to vocational training. Our members work to strengthen local entrepreneurs and community leaders, particularly women, in impoverished communities.

October Birthdays

George Otis	10/24
Tammie Furgason	10/29
Audrey Vohlken	10/31
